Inhalation

If inhaled, remove affected person from contaminated area and keep at rest in a position comfortable for breathing. Keep at rest until recovered. If symptoms develop and/or persist seek medical attention.

Ingestion

Do NOT induce vomiting. Wash out mouth thoroughly with water. Seek medical attention if symptoms persist.

Skin

Remove contaminated clothing and wash the affected area with running water. Ensure that the contaminated clothing is washed before re-use. Seek medical attention.

Eye contact

If in eyes, remove contact lenses if present and easy to do. Hold eyelids apart and flood with water for at least 15 minutes. Seek medical attention.

First Aid Facilities

Normal washroom facilities or eye wash station.

6. ACCIDENTAL RELEASE MEASURES

Emergency Procedures

Wear appropriate eye protection if risk of exposure and increase ventilation.

Clean-up Methods - Small Spillages

If local regulations permit, mop up with plenty of water and run to waste, diluting greatly with running water. Otherwise, absorb with an inert absorbent, transfer to a labelled container and arrange removal by disposals company. Wash site of spillage thoroughly with water.

Clean-up Methods - Large Spillages

If possible contain the spill using sand or earth and transferred to labelled salvage containers. Dispose of waste according to the applicable local and national regulations. Residues should be treated as for small spillages.

Environmental Precautions

Avoid discharging large volumes of product into drains or sewage.

7. HANDLING AND STORAGE

Precautions for Safe Handling

Wear Personal Protective Equipment described in section 8. Avoid eye contact. Keep containers sealed when not in use. Wash hands prior to eating, drinking or smoking.

Conditions for safe storage, including any incompatibilities

Store out of reach of children. Large quantities should be stored in a bunded area. Store in labelled containers in a cool, dry area out of direct sunlight. Store away from incompatible materials described in Section 10. Ensure that storage conditions comply with applicable local and national regulations.
